A. REGIONAL EVENTS

1. Competition in which seeding is done primarily on ability. That is to say that seed times prevail, for seeding purposes, over sex and age. In ability competitions, skaters of different age classes and sex may be grouped together within the different groupings below. Seed times submitted for entry will be 500m for both Master and Senior groupings and 333m for the Junior group.

Regional Series Warm-up Times

8:00	Warm-ups Begin
8:42	Warm-ups Finish
9:00	Racing Begins

Regional Series Groupings

- Masters Group
 - Masters Women and Men
 - Senior Group
 - Senior Women and Men
 - Intermediate Women and Men
 - Junior Women and Men
 - Juvenile Women and Men
 - Junior Group
 - Midget Girls and Boys
 - Bantam Girls and Boys
 - Peewee Girls and Boys
2. At all Ability competitions, category names will be standardized by using the alphabetic call designations as follows: Alpha, Bravo, Charlie, Delta, Echo, Foxtrot, Golf, Hotel, India, Juliet, Kilo, Lima, Mike, November, Oscar, Papa, Quebec, Romeo, Sierra, Tango, Uniform, Victor, Whiskey, X-ray, Yankee, Zulu. The open A group must be designated as Alpha and then proceed down. Charlie and Delta groups are likely to be the Masters.
 3. The groups may be skated in the opposite order starting with the lowest group and finishing with the top group, the Alpha's.
 4. The Meet Coordinator and the Chief Recorder shall establish, to the extent possible, racing divisions of 15 skaters. In any case, the maximum size of a division shall be 15.
 5. The race program may consist of two/three distances depending on the number of entries. Therefore skaters will skate a minimum of four races and a maximum of five races as they are seeded into the distances. Distances to be determined by the Meet Co-Ordinator.
 6. Racing rules and advancements will be, of course, in accordance with the SSC Procedures and Regulations and OSSA's Competition Regulations.
 7. For progression from Heats to Semi-Finals and Finals refer to Annex B.
 8. Masters skaters may set records in Ability competitions for their respective age classes when skating together with other masters regardless of age/gender.
 9. All skaters registered with OSSA are eligible to skate at Regional meets.

B. ONTARIO SHORT TRACK CUP CIRCUIT

Specific time performance standards for entry into Ontario Cups will not be utilized for the 2008 – 2009 season. Instead a seed time ranking will be maintained per category with a fixed number of entry positions for top ranked skaters per category for Ontario Cup events. The distances utilized to calculate the seed time ranking per category and the fixed number of entry positions per category for Ontario Cups are outlined in Annex A.

Eligibility requirements, based on attending a certain number of the season's Ontario Cups, for entry into the Provincial Short Track Age Class Championships will not be utilized for the 2008 – 2009 season. Instead skaters will accumulate ranking points based on their finishing position per category at each Ontario Cup event attended with a fixed number entry positions for most ranking points accumulated per category for the Provincial Short Track Age Class Championships. The ranking points awarded per finishing position are outlined in Annex B, and the fixed number of entry positions per category for the Ontario Short Track Age Class Championships are outlined in Annex B **Seed Time Ranking**

Skaters will be seeded on time in their respective category prior to each Ontario Cup event. The total seed time is the sum of the best

times skated in the 2007 - 2008 or during the current season for the two distances per category shown in the table in Annex A. The best times must be from event(s) completed before the registration deadline of the Ontario Cup for which the skater is registering.

Entry Process for the Ontario Short Track Cup Circuit

Once seeded, skaters within the number of fixed Ontario Cup Entry Positions will have first priority to be registered for the Ontario Cup event. Skaters seeded outside the number of fixed Ontario Cup Entry Positions will have second priority to be registered for the Ontario Cup event if other skaters do not register for that event.

Ontario Short Track Cup Formats

All Ontario Cups will be an age class events using standard formats, rules, and regulations. Open A and Open B shall run the following schedule of distances:

Day 1: 1500m, 500m

Day 2: 1000m, Super 500m at Ontario Cup 1

Super 1000m at Ontario Cup 2

Super 1500m at Ontario Cup 3

Super 1000m at Ontario Cup 4

The order of races will always be second longest distance (5 on the line) - shortest distance (4 on the line) - second shortest distance (5 on the line) – relays – longest distance (6 On the line)

In order to ensure that sufficient time is available for relays, the last (longest) distance will be seeded directly to finals, based on the cumulative result after three distances.

Ontario Cup Coaching Certification requirements

The Ontario Speed Skating Association will be phasing in coaching certification requirements over the next two years for the Ontario Cup circuit as a way of developing coaching capacity. The certification requirements that will apply are as follows:

- 2008-2009 season – NCCP fully certified Level 1
- 2009-2010 season – NCCP fully certified Level 2

In the Ontario Cup circuit, clubs will be limited to a maximum of two certified coaches in the coaches' box at any given time. Clubs hosting the Ontario Cup event will be responsible for verifying the NCCP certification by way of a signed registry and providing the head referee with the registry the morning of the event.

Coaches in training will be permitted in the coaches' box provided that they are accompanied by a certified coach and will comprise one of the two allowed positions for that club.

Ontario Cup Warm-up Times

8:00-8:07	Peewee
8:07-8:14	Midget and Bantam Girls
8:14-8:21	Bantam and Midget Boys
8:21-8:28	Juvenile and Open Women
8:28-8:35	Juvenile and Open B Men
8:35-8:42	Open A Men
9:00	Racing Begins

Ontario Short Track Cup Ranking Points

Skaters will be awarded ranking points based on their overall finishing position per category at Ontario Short Track Cup events. The

accumulation of ranking points will be used to award an Ontario Short Track Cup Champion per category, to determine which skaters will fill the fixed number of entry positions for the Ontario Short Track Age Class Championships, and be used in part to select skaters for the Canadian Short Track Age Class Championships. The ranking points awarded per finishing position are outlined in Annex B.

Progression from Heats to semi-finals and finals

Principle: Advancement to semi-finals and to Primary finals will be first advanced on position and then time based on the advancement set for the race by the Meet Coordinator..

Refer to Annex B for examples.

Ontario Short Track Cup Champions

A skater with the most accumulated ranking points following the four (4) Ontario Short Track Cup events will be named the Ontario Short Track Cup Champion in the following categories:

- Peewee Female and Male
- Bantam Female and Male
- Midget Female and Male
- Juvenile Female and Male
- Open Female and Male

C. PROVINCIAL SHORT TRACK AGE CLASS CHAMPIONSHIPS SELECTION CRITERIA

The fixed number of entry positions for the Ontario Short Track Age Class Championships are published in Annex B.

1. The eligibility requirements for the Provincial Short Track Age Class Championships are entirely based on the skater accumulating enough Ontario Cup Ranking Points to be ranked within the number of Ontario Short Track Age Class Championships Fixed Entry Positions available.
2. Athletes may count participation in an FPVQ Elite or competitive level competition, if, due to conflicts in the timing of the events; they are unable to participate in an the Ontario Cup event and it is considered by the Technical Committee that participation in the FPVQ Elite or competitive level competition is a better training and development alternative for the athlete in question. i.e. Athletes is very near the top in his age group, has limited competition provided for racing and alternative meet opportunity would provide for a better racing experience based on field representation.
3. Athletes must make the Technical Committee aware that they will have such a potential conflict, at least 20-days prior to the competition in order that the Technical Committee may consider the matter and advise the athlete.
4. Participation in a national ranking or qualifying event within both Short Track and Long track disciplines, which is being held concurrently with an Ontario Cup competition, may serve as substitute competition towards the athlete's Ontario Cup obligation.
5. The 2008-2009 Provincial Short Track Age Class Championships fixed entry positions are attached to this Bulletin as Annex B.

D. NORTH AMERICAN SHORT TRACK AGE CLASS CHAMPIONSHIPS SELECTION CRITERIA

The specific time performance standards are published Annex C.

1. To qualify to be entered by OSSA the athlete must have skated, in at least two (2) distances, within 115% (Annex C) of the applicable Canadian Age Class Record. The qualifying times must be skated at a sanctioned event this season between September 1, 2008 and November 3, 2008.
2. Place in the top four (4) overall ranking positions at Ontario Cup #1 per age category (Midget, Juvenile, Junior, Intermediate and Senior).
3. In cases where athletes named to participate in the North American Championships as a member of the Ontario team decline, one of the next two finishing positions (5 and 6) per age category may be named as alternates if they have achieved the

required time standard.

E. CANADIAN SHORT TRACK AGE CLASS CHAMPIONSHIPS SELECTION CRITERIA

The specific time performance standards are published Annex C.

1. To qualify to be entered by OSSA the athlete must have skated, in at least two (2) distances, within 115% (Annex C) of the applicable Canadian Age Class Record. The qualifying times must be skated at a sanctioned event; and,
2. Finish in the top four (4) overall ranking positions between an accumulation of ranking points from the Ontario Short Track Cups and the Ontario Short Track Age Class Championships in their respective category. Ranking points from the Ontario Short Track Cup Circuit will be multiplied by 0.4 and ranking points from the Ontario Short Track Age Class Championships will be multiplied by 0.6
3. In the case where the top four (4) athletes have not skated times within the 115% time standard, an athlete outside the top four (4) who raced at the Provincial Short Track Age Class Championships and has skated times within the time standard will be eligible for the Championships. These athletes will be ranked by their best two (2) distance average percentages and only the top four (4) are eligible to be entered.
4. Pre-qualification, for the Intermediate age category can occur for skaters who have a national ranking from the National Short Track Trials. These skaters must confirm their intention to participate in the Canadian Short Track Age Class Championships prior to the registration deadline for the Ontario Short Track Age Class Championships.
5. In cases where athletes named to participate to Championships as a member of the Ontario team decline, one of the next two finishing positions (5 and 6) per age category may be named as alternates if they have achieved the required time standard. An athlete outside of the top 6 finishing positions may also be named as an alternate if he's achieved a time standard of 115% or less for their best two (2) distance average percentages.

F. ONTARIO LONG TRACK CUP CIRCUIT

Ontario Long Track Cup Ranking Points

Skaters will be awarded ranking points based on their overall finishing position per category at Ontario Long Track Cup events. The accumulation of ranking points will be used to award an Ontario Long Track Cup Champion per category, and be used in part to select skaters for the Canadian Long Track Age Class Championships. The ranking points awarded per finishing position are outlined in Annex B.

Ontario Long Track Cup Champions

Ranking points from the first Ontario Long Track event will be multiplied by 0.4, and the ranking points from the Ontario Long Track Age Class Championships will be multiplied by 0.6.

A skater with the most accumulated ranking points over the two (2) Ontario Long Track events will be named the Ontario Long Track Cup Champion in the following categories:

- Pee wee Mass Start Female and Male
- Bantam Mass Start Female and Male
- Midget Mass Start Female and Male
- Juvenile Mass Start Female and Male
- Junior Mass Start Female and Male
- Junior Olympic Style Sprint Female and Male
- Junior Olympic Style All Round Female and Male
- Senior Olympic Style Sprint Female and Male
- Senior Olympic Style All Round Female and Male

G. CANADIAN LONG TRACK MASS START CHAMPIONSHIPS SELECTION CRITERIA

The specific time performance standards are published in Annex D. In order to be eligible to be named to the team representing Ontario at the Canadian Long Track Mass Start Championships, it will be necessary to have competed in a sanctioned long track mass start event in Ontario other than the Provincial Championships.

Any exception to the above must have the prior approval of the Technical Committee.

Athletes must make the Technical Committee aware that they wish to have an exception considered by notifying the Technical Committee at least 20 days prior to the competition in question in order that the Technical Committee may consider the matter and advise the athlete of its decision.

Mass Start

1. To qualify to be entered by OSSA, the athlete must have skated, in at least two (2) distances, within 115% (Annex D) of the applicable Canadian Age Class Record, other than records established at Calgary, and, finish in the top four (4) overall positions at the Ontario Long Track Mass Start Championships in the athlete's respective age category; or,
 - 2.
 - a) Finish in the top six (6) overall positions at the Ontario Long Track Mass Start Championships provided that the six (6) athletes have recorded times in the current season within 105% of the applicable Canadian Age Class Record in two (2) distances, as per SSC Rule K2-101 (b); or,
 - b) In the case where the top four (4) athletes at the Provincial Championships have not skated times within the 115% time standard, an athlete outside the top four (4) who raced at the Provincial Championships and has skated times within the time standard will qualify to be entered. These athletes will be ranked by their best two (2) distance average percentages and only the top four (4) are eligible to be entered.
3. The qualifying times must be skated at a sanctioned event excluding events held at the Calgary Oval, subject to the provisions of K2-101 (b) noted above.

ANNEX A

Ontario Cup Short Track Seed Time Ranking

1. The Seed Time Ranking applies to all Ontario Cup meets,
2. Skaters will be seeded on time in their respective category prior to each Ontario Cup event. The total seed time is the sum of the best times skated in the 2007 - 2008 or the current season for the two distances per category shown in the table below. The best times must be from event(s) completed before the registration deadline of the Ontario Cup for which the skater is registering.
 - a. Ontario Cup #1 registration deadline October 22, 2008.
 - b. Ontario Cup #2 registration deadline December 3, 2008.
 - c. Ontario Cup #3 registration deadline December 19, 2008.
 - d. Ontario Cup #4 registration deadline February 4, 2009.
3. Times must be achieved at events sanctioned by OSSA, SSC or USSA.
4. Junior, Intermediate, and Senior skaters will be seeded together in Open. Second year Juvenile skaters may skate Open if they seed accordingly into an Open group.
6. Seeding lists will be published on the OSSA website prior to the entry deadline for each Ontario Cup event.
7. Once seeded skaters within the number of fixed Ontario Cup Entry Positions will have first priority to be registered for the Ontario Cup event. Skaters seeded outside the number of fixed Ontario Cup Entry Positions will have second priority to be registered for the Ontario Cup event if other skaters do not register for that event.

	Men	500m + 1000m	26-40

* The Juvenile entry positions does not include Second year Juveniles entered into an Open category.

** The Open category includes Second year Juvenile, Junior, Intermediate, and Senior.

8. Out-of-Province skaters may enter Ontario cups providing they meet the seed ranking within their group. However, they may not take a position away from an Ontario skater, instead the particular group will be ballooned by the number of Out-of- Province skaters entered. Out-of-Province skaters eligible to skate in an Open category will be seeded as Open B at the first meet that the skater participates at in Ontario during the season, regardless of the skater's eligibility to skate in Open A. Subsequently, an Out-of-Province skater may skate Open A if they meet the seed ranking within their group.

ANNEX E

Ontario Speed Skating Association Bye Guidelines

1. Purpose

To provide the Technical Committee with guidelines for the granting of byes to skaters into or from competitions or onto provincial teams where qualifying criteria are required to be met.

2. Philosophy of Team Selection

The philosophy for team selection is to select the athletes that will achieve the best possible result for Ontario at different competitions (Canadian or North American Championships) or develop towards the highest level of performance (Canada Winter Games, Junior Championships, and/or Senior Ranking Events onto a national team).

The Technical Committee is determined to make the selection to these teams as objective as possible. To ensure this occurs the Committee will use, wherever possible, objective criteria such as time, placing at a specific competition/s, and ranking etc. as the foremost criteria in selecting athletes.

These criteria will be used at a specified selection event/s or a series of specified events.

In nominating the specific selection event/s, the Technical Committee will only nominate an event that occurs after the confirmation of the relevant selection policy. In all cases it is the intent of the Technical Committee that selection is earned through current performances in the specific selection events.

However, in exceptional circumstances an athlete may not be able to compete in the relevant selection events. In this instance the athlete is eligible to apply for selection under the Bye Clause as detailed below.

3. Bye Clause Selection Philosophy

(The Bye Clause will only apply to selection for specific competitions / events)

Due to exceptional circumstances (e.g. illness, injury, equipment break, etc) and through no fault of their own, a skater sometimes does not have the opportunity to compete in the nominated selection event/s. In this situation the athlete may be eligible to apply for a bye selection to the relevant team.

The basic philosophy for selecting an athlete by granting a bye is that, all things being equal, the skater given the bye has clearly demonstrated superior performances in previous competition to other athletes being considered for selection.

A bye request is considered as the last means by which an athlete can gain selection and is intended to provide for exceptional circumstances outside the normal selection criteria rather than being part of the normal means by which an athlete can gain selection.

4. Procedures under which a bye application can be made.

- a. Bye requests must be made in writing to the Technical Committee (see deadlines below)
- b. Only the skater, their parent or guardian, and/or coach can submit the request.
- c. If the bye request is made on the basis of an illness or injury the skater must provide documented evidence from a sports medicine practitioner. The Technical Committee has the right to request further independent medical review after the bye request has been submitted.
- d. If the bye request is made on the basis of equipment breakage this must be reported to and verified by the race referee or Technical Committee representative immediately following the race in which the equipment breakage occurred.
- e. If the bye request is made on the basis of a conflicting engagement, including competing at another speed skating meet in another discipline (ST vs. LT or LT vs. ST) the skater must submit a written explanation. The Technical Committee has the right to request further evidence of the explanation after the bye request has been submitted.
- f. If the bye request is made on the basis of travel difficulty the skater must submit a written explanation. The Technical Committee

has the right to request further evidence of the explanation after the bye request has been submitted.

5. Conditions for applying for a Bye

i. Bye request for a specific competition in the current skating season

Bye requests will be considered in four categories:

a) *Pre-competition illness or injury that prevents an athlete from competing in an event.*

If the skater is ill or injured before the beginning of the event, a bye request must be made **before the coaches' meeting** of the event. The Technical Committee Representative must formally announce all bye requests at this meeting so that all other competitors are made aware of the possibility of a bye being granted.

A bye request will be ruled ineligible if the skater subsequently competes in the event.

In the case of selection being based upon participation at multiple events, a skater is eligible to apply for a bye request to a subsequent event if they are prevented from competing in one of the events due to a pre-existing illness or injury.

b) *Pre-competition conflicting engagement or travel difficulty that prevents a skater from competing in an event.*

If a skater knows in advance that they will be unable to attend an event because of a conflicting engagement or travel difficulty; a bye request must be made **before the registration deadline** of the event. The Technical Committee Representative must formally announce all bye requests at the coaches' meeting so that all other competitors are made aware of the possibility of a bye being granted.

A bye request is ruled ineligible if the skater subsequently competes in the event.

In the case of selection being based upon participation at multiple events, a skater is eligible to apply for a bye request to a subsequent event if they are prevented from competing in one of the events due to a conflicting engagement or travel difficulty.

c) *Injury, illness or equipment breakage during an event.*

A bye request must be made **within 48 hours** following the end of the event.

(See Clause 4d above for the reporting requirements for equipment breakage)

d) *Conflicting engagement or travel difficulty immediately prior an event.*

If a skater has registered for an event and is then unable to attend due to an unforeseen conflicting engagement or travel difficulty; a bye request must be made **within 48 hours** following the end of the event.

In all four categories the bye request **must state clearly** what the skater is asking for, and supporting documentation (medical, race referee report etc) must be attached. The Technical Committee should also have confirmation (medical or other, if not a medical problem) that the athlete will be at 100% of his/her capacity (physical, psychological, etc) to participate in the competition for which he/she has requested a bye.

ii. Bye request to a specific Team or a Competition for the season following the selection event/s.

This process is for the selection to a specific team such as the PDT or PTT.

The bye must be requested **within two weeks** following the final selection event. The bye application **must state clearly** what the skater is requesting, and appropriate documentation (medical, etc) **must be attached**.

The Technical Committee should also have confirmation (medical or other, if not a medical problem) that the athlete will be at 100% of his/her capacity (physical, psychological, etc) to be on the team to which he/she has requested a bye.

6. Process for reviewing a Bye application

The following steps are involved in the process of considering a request for a bye.

a) Following the final selection event for the respective team/event, the Technical Committee meets (in person or via conference

- call) to review the facts.
- b) In cases where multiple bye applications are lodged they will be assessed individually and on their own merit.
 - c) Three members of the Technical Committee (who are not in conflict of interest) will review the facts and make a recommendation (with supporting rationale). If all members of the Technical Committee are in conflict of interest, then the Director of Sport Development will make the recommendation regarding the Bye application.
 - d) If relevant, the Technical Committee will establish a revised ranking of athletes based upon the selection event/s and an assessment of previous performances from those who have requested a bye.
 - e) From this revised ranking, the final selections will be made.
 - f) These final selections will then be named as the "Team" and will be communicated to the skater/s requesting the bye, skater/s directly affected by the bye request, the coaches, and athletes' representatives.

7. Conditions for Granting a Bye

The basic question the Technical Committee must answer is whether the skater requesting the bye had a recent history of performances or other factors as listed below that demonstrate clear superiority of the skater requesting a bye to those of other athletes in consideration for selection.

The Technical Committee must also be certain that the athlete requesting the bye would be able to compete at a similar level in the event or team for which they seek selection. The Technical Committee may award a "Conditional Bye" to skaters recovering from injury or illness. In this situation the skater may have certain conditions imposed. This could include, but is not limited to such things as a certain time frame, performance requirement etc.

In order to make these decisions, the Technical Committee will evaluate a number of elements including, but not limited to the following.

- a) Head-to-head competition results of the athletes being considered for selection.
- b) Past performances of the skater requesting the bye,
- c) Results of the selection competition (by skaters in contention for the team),
- d) Recent training and testing performances

In evaluating past performances, the Technical Committee will assign priority to those performances from the 12 month period prior to the final selection event.

However, this is occasionally not possible because of injuries, or the lack of opportunity for the skaters to compete. In such instances performances beyond this 12-month period will be considered but will assume a lower value in assessing the bye request.

i. Long Track – Mass Start

In long track – mass start the Technical Committee may award a bye to a skater who is:

Faster than the last skater selected for an age class in two distances for that age class, or has place in the top two overall in the age class at a previous provincial competition.

In assessing the past performances of the skater requesting the by and the history of the skaters involved, the Technical Committee will give priority to the best time (in sanctioned events) of the skaters involved during the current season.

ii. Long Track – Olympic Style

In long track – Olympic style the Technical Committee may award a bye to a skater who is:

An ISU senior and is 0.5 sammelagt points faster than the last skater ISU senior selected for the team in two distances (that would mean 0.5 seconds in the 500m, 1 second in the 1000m, 1.5 seconds in the 1500m, 3 seconds in the 3000m, 5 seconds in the 5000m, and 10 seconds in the 10000m).

An ISU junior and is has all-round sammelagt points faster than the last ISU junior selected for the team (that would be mean the combined sammelagt of 500m, 1000m, 1500m, and 3000m for females, and the combined sammelagt of 500m, 1500m, 3000m, and 5000m for males)

In assessing the past performances of the skater requesting the bye and the history of the skaters involved, the Technical Committee will give priority to the best time (in sanctioned events) of the skaters involved during the last 12 months.

ii. Short Track

In short track, the general guideline is that the Technical Committee judges that the athlete being granted a bye would have finished clearly ahead of the last skater selected.

In making this judgment the Technical Committee will evaluate a number of elements including, but not limited to the following.

- a. Head-to-head competition results of the athletes being considered for selection,
- b. Past performances of the skater requesting the bye,
- c. Recent training and testing performances,
- d. Highest level of performance.

8. Appeals

Following the announcement of the "Team" the skater/s affected by the bye request decision has/have the opportunity to appeal this decision in accordance with the Ontario Speed Skating Association's Appeal Policy (OSSA Information Manual Article A8).
